

# TRAINING HAS NEVER BEEN EASIER TO DELIVER, TRACK AND MANAGE

## Convenient and Cost-Effective

Those are just two of the many benefits of using PureSafety On Demand to meet annual training requirements dictated by OSHA and other regulatory agencies. PureSafety On Demand is an easy-to-use online training delivery and management tool designed for smaller organizations looking for pay-as-you-go pricing without long-term contracts.

With PureSafety On Demand, you'll have instant access to our industry-leading library of compliance-based courses that your employees can complete anywhere, anytime, from virtually any Internet-connected computer.

## Getting Started is Easy

Start saving valuable time and money today while helping to change employee behaviors, prevent injuries and save lives! Visit us online at [www.puresafetyondemand.com](http://www.puresafetyondemand.com) for free course demos, descriptions and FAQs.

*For large numbers of employees that need a particular course, or suite of courses, contact our On Demand Specialists at 888.202.3016.*
