MARKET LEADERSHIP

PureSafety is the industry's leading provider of comprehensive workforce health and safety solutions. PureSafety Learning and Safety Management System (LSMS®), Occupational Health Manager (OHM®) and SYSTOC® are trusted by more than 2,300 organizations in more than 20 major industries, including manufacturing, health care, construction, distribution, and energy, and encompasses 35 percent of the Fortune 100.

ORGANIZATIONAL EXPERTISE

Highly regarded as leaders in their respective fields, PureSafety's in-house Subject Matter Experts bring hands-on health, safety, environmental and risk management experience and expertise to every customer. We help companies prevent, but also learn from incidents, injuries and illnesses

COMPREHENSIVE SOLUTIONS

PureSafety's extensive product portfolio features solutions that are configurable to meet most workflows, require minimal IT involvement and enhance collaboration between departments. As the industry's leading end-to-end workforce health and safety solution, PureSafety's products are designed by certified health and safety industry experts and powered by cutting-edge technology and services.

SCALE & STABILITY

With an operating history spanning more than 30 years, a strong presence in more than 20 industries and a record of significant annual growth, PureSafety focuses on creating the future of workforce health and safety. Our history is one of innovation — from pioneering online training and Software-as-a-Service (SaaS) offerings like Occupational Health Management and Safety Management, to leading the way with software tools and expertise that facilitate emerging best practices.

PURPOSE & PASSION

Born from a workplace tragedy, PureSafety understands the importance of keeping employees healthy, safe and on the job. The 21st century business reality is that health and safety functions, when properly managed and supported, can ensure a more productive workplace while improving competitive position and driving overall business performance. The opportunities for health and safety professionals to make a difference are expanding — and PureSafety is committed to helping you make the most of them.

TRAINING

Comprehensive Training Management

PROVIDE AN ENGAGING LEARNING EXPERIENCE, SIMPLIFY TRAINING MANAGEMENT AND KEEP YOUR PEOPLE SAFE AND ON THE JOB.

Training plays a critical role in almost every corporate initiative: health, safety, environment, quality, leadership and more. A pioneer and ongoing leader in online safety training, PureSafety's comprehensive training management solutions empower you to deliver an engaging,

interactive learning experience, simplify and centralize training management, ensure accountability – and drive results. And because our solutions are web-based, you can complete and manage training any time, from any computer with an Internet connection.

KEY BENEFITS

- Maximize employee learning and retention with rich multimedia features
- Save valuable time with flexible delivery options and easy purchase process
- Drive home safety messages, raise awareness and prevent future incidents
- Simplify delivery and management of training
- Automate tracking and reporting

EMPOWERING SISKIN STEEL

GERALD CULPEPPER
Plant Manager

Siskin Steel
PureSafety Client Since 2007

WHAT THEY ARE SAYING:

“With 85 drivers at seven locations, PureSafety’s solution has made our monthly training easy. It’s a big part of why our accident rate has gone down tremendously.”

KEY BENEFITS

- Centralize safety, training, compliance, incident management, workplace observations and related functions
- Streamlined tracking, reporting and recordkeeping including extensive automation and injury and case logs to track lost and restricted work days
- Integrated training capabilities supported by a 700+ online course library
- Turn workplace incidents into powerful learning moments to prevent future incidents
- Strengthen safety culture with powerful analysis and problem identification features

DONNA JO CAREY
Director of Human Resources
 Blevins, Inc.
 PureSafety Client Since 2004

WHAT THEY ARE SAYING:

“PureSafety gives us an accessible and user-friendly way to provide critical training and safety knowledge to our employees.”

SAFETY

Ensuring Workplace Safety and Preventing Injuries

MAXIMIZE THE EFFECTIVENESS OF YOUR SAFETY PROGRAMS, REDUCE WORKPLACE INCIDENTS AND STRENGTHEN YOUR WORKFORCE.

Few jobs are as important – or as challenging – as ensuring workplace safety and preventing injuries. Designed for safety professionals, PureSafety’s comprehensive tools help you manage early detection, incident prevention, corrective actions, injury management

and return to work – all with detailed reporting. By integrating safety, training, health and other critical functions on a single system, we also help you improve communication, accountability and visibility, strengthen your safety culture and enhance business performance.

HEALTH Occupational Health & Medical Management

**IMPROVE PRODUCTIVITY,
REDUCE WORKPLACE
INJURIES AND ILLNESSES
AND PROTECT WORKFORCE
HEALTH AND WELL-BEING**

The programs that protect employee health – and your organization’s financial health – bring many challenges: scheduling, paperwork, measuring the value of services and more. PureSafety’s OHM software is the industry’s most comprehensive solution designed to help occupational

health and medical management professionals meet those challenges. Thousands of customers, including hospitals and clinics, use OHM to improve productivity, better analyze and report data, reduce injuries and illnesses and improve awareness of critical issues.

KEY BENEFITS

- Automate medical surveillance and save valuable time
- Streamline occupational health, safety and medical management processes
- Improve business performance with easy-to-use tools for organization and tracking
- Reduce costs by streamlining tracking, recordkeeping and reporting
- Simplify regulatory reporting by automatically determining what is OSHA recordable
- Save time with comprehensive tools to manage workers’ compensation and disability claims

EMPOWERING CAROLINAS HEALTHCARE

REBECCA JONES
Certified Nursing Assistant
Carolinas Healthcare
PureSafety Client Since 1998

WHAT THEY ARE SAYING:

“PureSafety meets our needs. We can interface with our other databases, and enhancements are available to help us keep up with the ever-changing world of technology.”

KEY BENEFITS

- Deliver the best patient care with one-click access to electronic patient history
- Automate labor-intensive, paper-based processes such as billing and fee scheduling
- Streamline the recording of information as clinic visits progress in real time
- Minimize data entry and maximize organizational effectiveness with comprehensive documentation capabilities
- Prove clinic's impact on the organizational bottom line

J. HATFIELD

Littleton Regional Hospital
PureSafety Client Since 2003

WHAT THEY ARE SAYING:

“With PureSafety, we have everything I need to operate our clinic. I can't go back to the way life was before.”

CLINIC

Clinic & Practice Management

USE THE CLINICAL WORK AREA POINT OF ENTRY TO ACCESS EVERYTHING CLINICIANS NEED TO DO THEIR JOBS.

PureSafety's electronic health record-based solutions minimize data entry and maximize organizational efficiency before, during and after the patient visit, allowing providers to focus on people, not paperwork.

Innovative **tap2chart**® technology speeds information input without typing and generates transcription with a single click. And, employers can review drug and alcohol results with secure, unique logins.

KEY BENEFITS

- Measure your RTW effectiveness by benchmarking your RTW program
- Optimize your clinical decision making by accessing on-line treatment guidelines
- Maximize inter-departmental collaboration with integrated tools for restriction management and job accommodation
- Improve business performance with simplified tools to manage case and claims
- Streamline tracking, recordkeeping and reporting
- Identify job tasks or departments with higher injury rates

EMPOWERING SHERMAN DIXIE

SUSAN BAKER
Human Resources / Payroll
Sherman Dixie
PureSafety Client Since 2007

CASE & RETURN TO WORK

REDUCE THE COST OF INJURIES, ILLNESSES AND ABSENCES WHILE IMPROVING ORGANIZATIONAL EFFICIENCY, DATA ACCURACY AND WORKFLOW MANAGEMENT.

Monitoring medical cases, tracking and reporting cost metrics, managing return to work (RTW) programs – these challenging responsibilities directly impact the bottom line. PureSafety’s case management solutions empower

the professionals charged with these tasks. Uniquely, they also combine with safety management and other capabilities to help you streamline injury reporting, case tracking and follow-up processes.

WHAT THEY ARE SAYING:

“Keeping up with 200 employees’ training completion can seem impossible. PureSafety’s reporting options not only make it possible, but quick and painless.”
